

COVID 19 SAFETY

We are obviously concerned about being able to deliver our seminars in ways which puts those attending at the lowest possible risk and as such we are proposing to implement the following measures:-

- If any delegate feels unwell we would ask them not to attend. We will make full refund to any delegate feeling unwell who notifies us by 9.00 am on the day of the seminar.
- We will arrange the room in the open horseshoe layout so that delegates are not facing each other and are 2m spaced from the next person.
- We will encourage and facilitate social distancing at refreshment and meal times.
- In most cases the seminars will be held at the usual venues but some may have changed because of the need for social distancing so please do check the joining instructions carefully.
